Career Guidance Policies and Procedures

BLDEA'S AVS Ayurveda Mahavidyalaya Hospital and Research Centre, Vijayapur offers courses to empower the students towards employability by knowledge and wisdom in the context of global scenario and unveiling the competitive world to students through sharpening skills and building the confidence.

One of the biggest advantages of joining AIAPGET coaching is the exposure to competition. To crack competitive exams like AIAPGET, higher aptitude is the most essential thing needed. As coaching institutions focus on enhancing a student's ability to face competitive Exams, students start learning tips and tricks using which they can improve their speed and accuracy in exams.

OBJECTIVES

- To guide the students for preparation of various competitive exams like AIAPGET for MD/MS course admission.
- To upgrade the knowledge of students with recent trends in Ayurveda.
- To conduct activities that will help the students to get exposure to the current requirements by way of knowledge, training, internship and hands on exercises.
- To assist students to develop/clarify their academic and career interests, aspirations and short and long-term goals through individual counseling and group sessions
- To promote and create awareness about career advancement and various options available to students after the course.
- To inform students about the available job opportunities in the government sectors.

POLICIES

- The commencement of course, fee structure, time table will be decided in the committee meeting and then it will be intimated to students.
- Minimum fees will be charged. No any extra fees will be charged.
- In order to provide guidance to the students about competitive examinations and to create a conducive ambiance for the same college has established a competitive examination cell.
- AIAPGET classes will be engaged by highly qualified faculty of our college.
- Guidance for hospital management and Panchakarma setup will be given by experienced staff.
- Guest faculties who have name in their respective subjects will be invited on weekend basis.

Placement Cell

Vision – To provide a structured platform for empowerment of students in line with new developments in their respective fields to fit in as a suitable candidate in the professional or corporate world.

Mission – To create an empowered work force of talented professionals and entrepreneurs who are technically sound, adaptive to change, visionary for the future demands of the profession through meticulously designed and implemented programmes of career advancement and placement.

Objective – The placement cell aims to promote and create awareness about career advancement and placement options available to the students after graduating from their current programmes. In addition, it aims at conducting activities that will help the students get exposure to the current trends of the industry by way of knowledge, training, internship and placement. The policy also puts an emphasis on all its constituent units to continuously upgrade the knowledge of students to make them abreast with recent trends of the profession through counselling, lectures, seminars, industry tie-ups, workshops, etc.

Activities to be conducted by Institution -

1. To assist students to develop / clarify their academic and career interests and their short- and long-term goals through individual counselling.
2. To maintain and update a database of students that can be shared with future employers / recruitment agencies.
3. To maintain a database of companies and establish strategic link for campus recruitments.
4. To gather information about job openings and all relevant recruitment advertisements for circulation to students.
5. To organize pre-placement training / workshops / seminars for students.
6. To collect feedback from employers where our students are selected.
